Consignors from Vermont and its neighbors, Connecticut, Maine, Massachusetts, New Hampshire and New York, and from across the Atlantic Ocean in England sent some of their best to the 72<sup>nd</sup> edition of the sale, held on September 23, 2008. Jersey breeders from a dozen states coast-to-coast and border-toborder capitalized on their offering, with six buyers from California, Idaho, New Mexico and Pennsylvania purchasing 248 of the total consignments.

Though buyers paid the most for the group of 48 third trimester bred heifers, at \$2,382.29 on average, they also paid handsomely for the 110 open heifer calves, which sold for an average \$1,220.45.

Molly Brook Farms, West Danville, Vt., had a good day as they consigned three of the top six high sellers. As in the past two years, included in this group were the two top selling individuals—a pair of P9 bred heifers sired by Sunset Canyon RP Militia-ET, JPI +230.

Dr. Larry J. Campbell, Sedro Wooley, Wash., selected the top seller, Molly Brook Militia Forward, for \$5,200. The 15-month-old heifer is due to the breed's #1 sire for rear udder width at +2.8 (August 2008), BHF-SSF Parade Louie-ET, JPI +195, in late March. Her dam is a Very Good-82% daughter of Windy Willow Montana Jace, JPI +173, with a two lactation m.e. average of 18,336–903–693. She has nine maternal brothers in A.I., including Molly Brook Jace Freeze-ET, who was syndicated at The 2004 All American Jersey Sale for \$33,325, and is awaiting a proof at Alta Genetics. She has four maternal sisters ranked among the top 1  $\frac{1}{2}$ % for JPI. Included in this group is Molly Jace Forget Me Not-ET, Very Good-88%, who is ranked #25 for JPI and has 22,620 lbs. milk, 1,235 lbs. fat and 873 lbs. protein at 3-6.

"Forward's" grandam, Molly Brook Fair Frost, Excellent-90%, is the breed's former #1 cow for JPI (November 2004) and currently ranks #106 for the index with a JPI of +235. She has four completed lactations—three of them over 21,000 lbs. milk—and a best record of 3-3 305 25,490 4.1% 1,046 3.6% 911 99DCR.

"Forward's" third dam is an Excellent-92% daughter of Dar View Sky Line Frosty, JPI +49, with 27,410 lbs. milk, 1,296 lbs. fat and 950 lbs. protein at 4-1. Her fourth dam is Excellent-91% with a two lactation m.e. average of 23,029–1,231–879.

Her fifth dam is family matriarch, Molly Brook Fascinator Flower, Excellent-90%, with lifetime production credits of 193,832 lbs. milk, 10,852 lbs. fat and 7,589 lbs. protein. She placed third in the 2000 Jersey Journal Great Cow Contest and has offspring on every continent but Antarctica.

Snowdrift Country Farm and Aaron White, Columbia Crossroads, Pa., purchased the second high seller of the day, Molly Brook Militia Lucina. The potential fifth-generation Excellent sold due to Oomsdale Jace Grat Grieves-ET, JPI +203, in late April. Her dam is an Excellent-90% daughter of Molly Brook Gatekeeper Fate, JPI +97, with three completed lactations and an m.e. average of 20,178–886–691. Her grandam is appraised Excellent-92% and has a four lactation m.e. average of 20,895–953–716.

"Lucina's" third dam is an Excellent-90% daughter of Mason Boomer Sooner Berretta, JPI +65, with a best record of 5-4 305 18,190 4.7% 864 3.8% 683 DHIR. Her fourth dam, also Excellent-90%, made 18,190 lbs. milk, 864 lbs. fat and 683 lbs. protein at 5-4.

Vanderhorst Dairy, Dublin, Texas, took home the third high seller, Billings Sultan Spencer, for \$3,675. The daughter of SHF Centurion Sultan, JPI +95, sold due to Dogwood Poseidon Kenai, JPI +115, in late October and writes a deep pedigree that includes eight Very Good or Excellent dams.

"Spencer's" dam, Billings Barber Sasha, is an Excellent-95% daughter of WF/L&M Duncan Barber-ET, JPI

Molly Brook Militia Forward was the high seller of the Vermont State Sale, purchased for \$5,200 by Dr. Larry J. Campbell, represented by AJCA-NAJ Executive Secretary, Neal Smith, front left. She was consigned by Molly Brook Farms, represented by Sally Goodrich, center. Also pictured left to right are AJCA-NAJ Area Representative Brenda Snow; Larry Kempton, auctioneer; AJCA Area Representative Ron Mosser; and JMS Manager Dan Bauer.

+29, with eight completed lactations and a best record of 19,300 lbs. milk, 924 lbs. fat and 646 lbs. protein at 7-0. "Spencer" was consigned by The Billings Farm, Woodstock, Vt.

Vanderhorst Dairy also purchased the fourth high seller of the day—another member of the "Flower" family at Molly Brook Farms. The dairy chose Molly Brook Matinee Fayline for \$3,350. "Fayline" is sired by Sunset Canyon Matinee-ET, JPI +181, and due to the breed's current #1 bull for stature (+4.3), strength (+2.5) and rump width (+2.0), Oomsdale Jace Gratude Gannon-ET, JPI +253, in mid-May.

"Fayline's" dam is a Very Good-86% daughter of Molly Brook Berretta Fanclub-ET, JPI +52, with a five lactation m.e. average of 18,857–913–710. Her grandam is Mollybrook Montana Fayline, Excellent-91%, with three records over 21,000 lbs. milk and a best record of 4-10 305 23,670 5.1% 1,208 3.6% 853 100DCR.
